Good Morning Stephen, didn't give you much information as I was hurrying. This would be Butler Machinery Company, we sent in a letter to you on 2-21-2017, and they are asking for a renewal of this. So I am following up to validate process again. Am I right then we fill out another letter dated for this year, you can authorize if all correct, we can then proceed as a small business assembler and sign the document for Peterbilt?

Good Afternoon Stephen, Last year you helped our company get setup to build glider kits. At that time I thought we would be done but they tell me that we still qualify this year again. Based on that do I just need to fill out the attached form for your approval so I can then sign and forward a form for Peterbilt?
